INTRODUCING THE ALL-NEW
SP125

INTRODUCING THE ALL-NEW
SP160

Unleash the thrill with the Honda SP series, where dynamic style meets advanced technology. With a high-tech TFT Meter, Bluetooth connectivity via the Honda RoadSync app, and a USB-C port, you're always connected and in control. From real-time fuel efficiency tracking to the *Idling Stop System, every ride is smooth, smart, and unstoppable. Top it off with dynamic design and stylish graphics, as well as a commanding LED headlamp and tail lamps, and you've got a machine built to turn heads and own every road. It's time to go beyond advanced, with the Honda SP series.

ADVANCED TECHNOLOGY

Unleash adrenaline with every ride on the Honda SP series, built for the dynamic and confident in you. Featuring a spectacular, high-tech TFT Meter and Bluetooth connectivity with the new Honda RoadSync app, you stay seamlessly connected and in full control, no matter where you ride.

NEW TFT METER

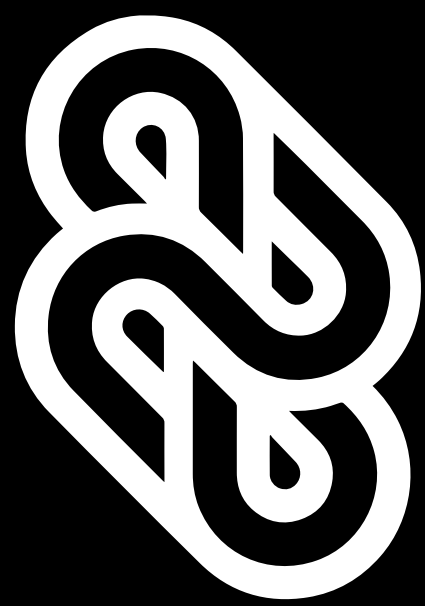

Introducing Honda's all-new industry-leading TFT Meter that features an automatic dimming mode for enhanced visibility and a seamless power-packed ride, day and night. Stay beyond advanced with the TFT meter that displays live mileage indicator, average mileage, range, periodic maintenance, gear position indicator, and eco indicator.

*The TFT screen displayed is of SP160.

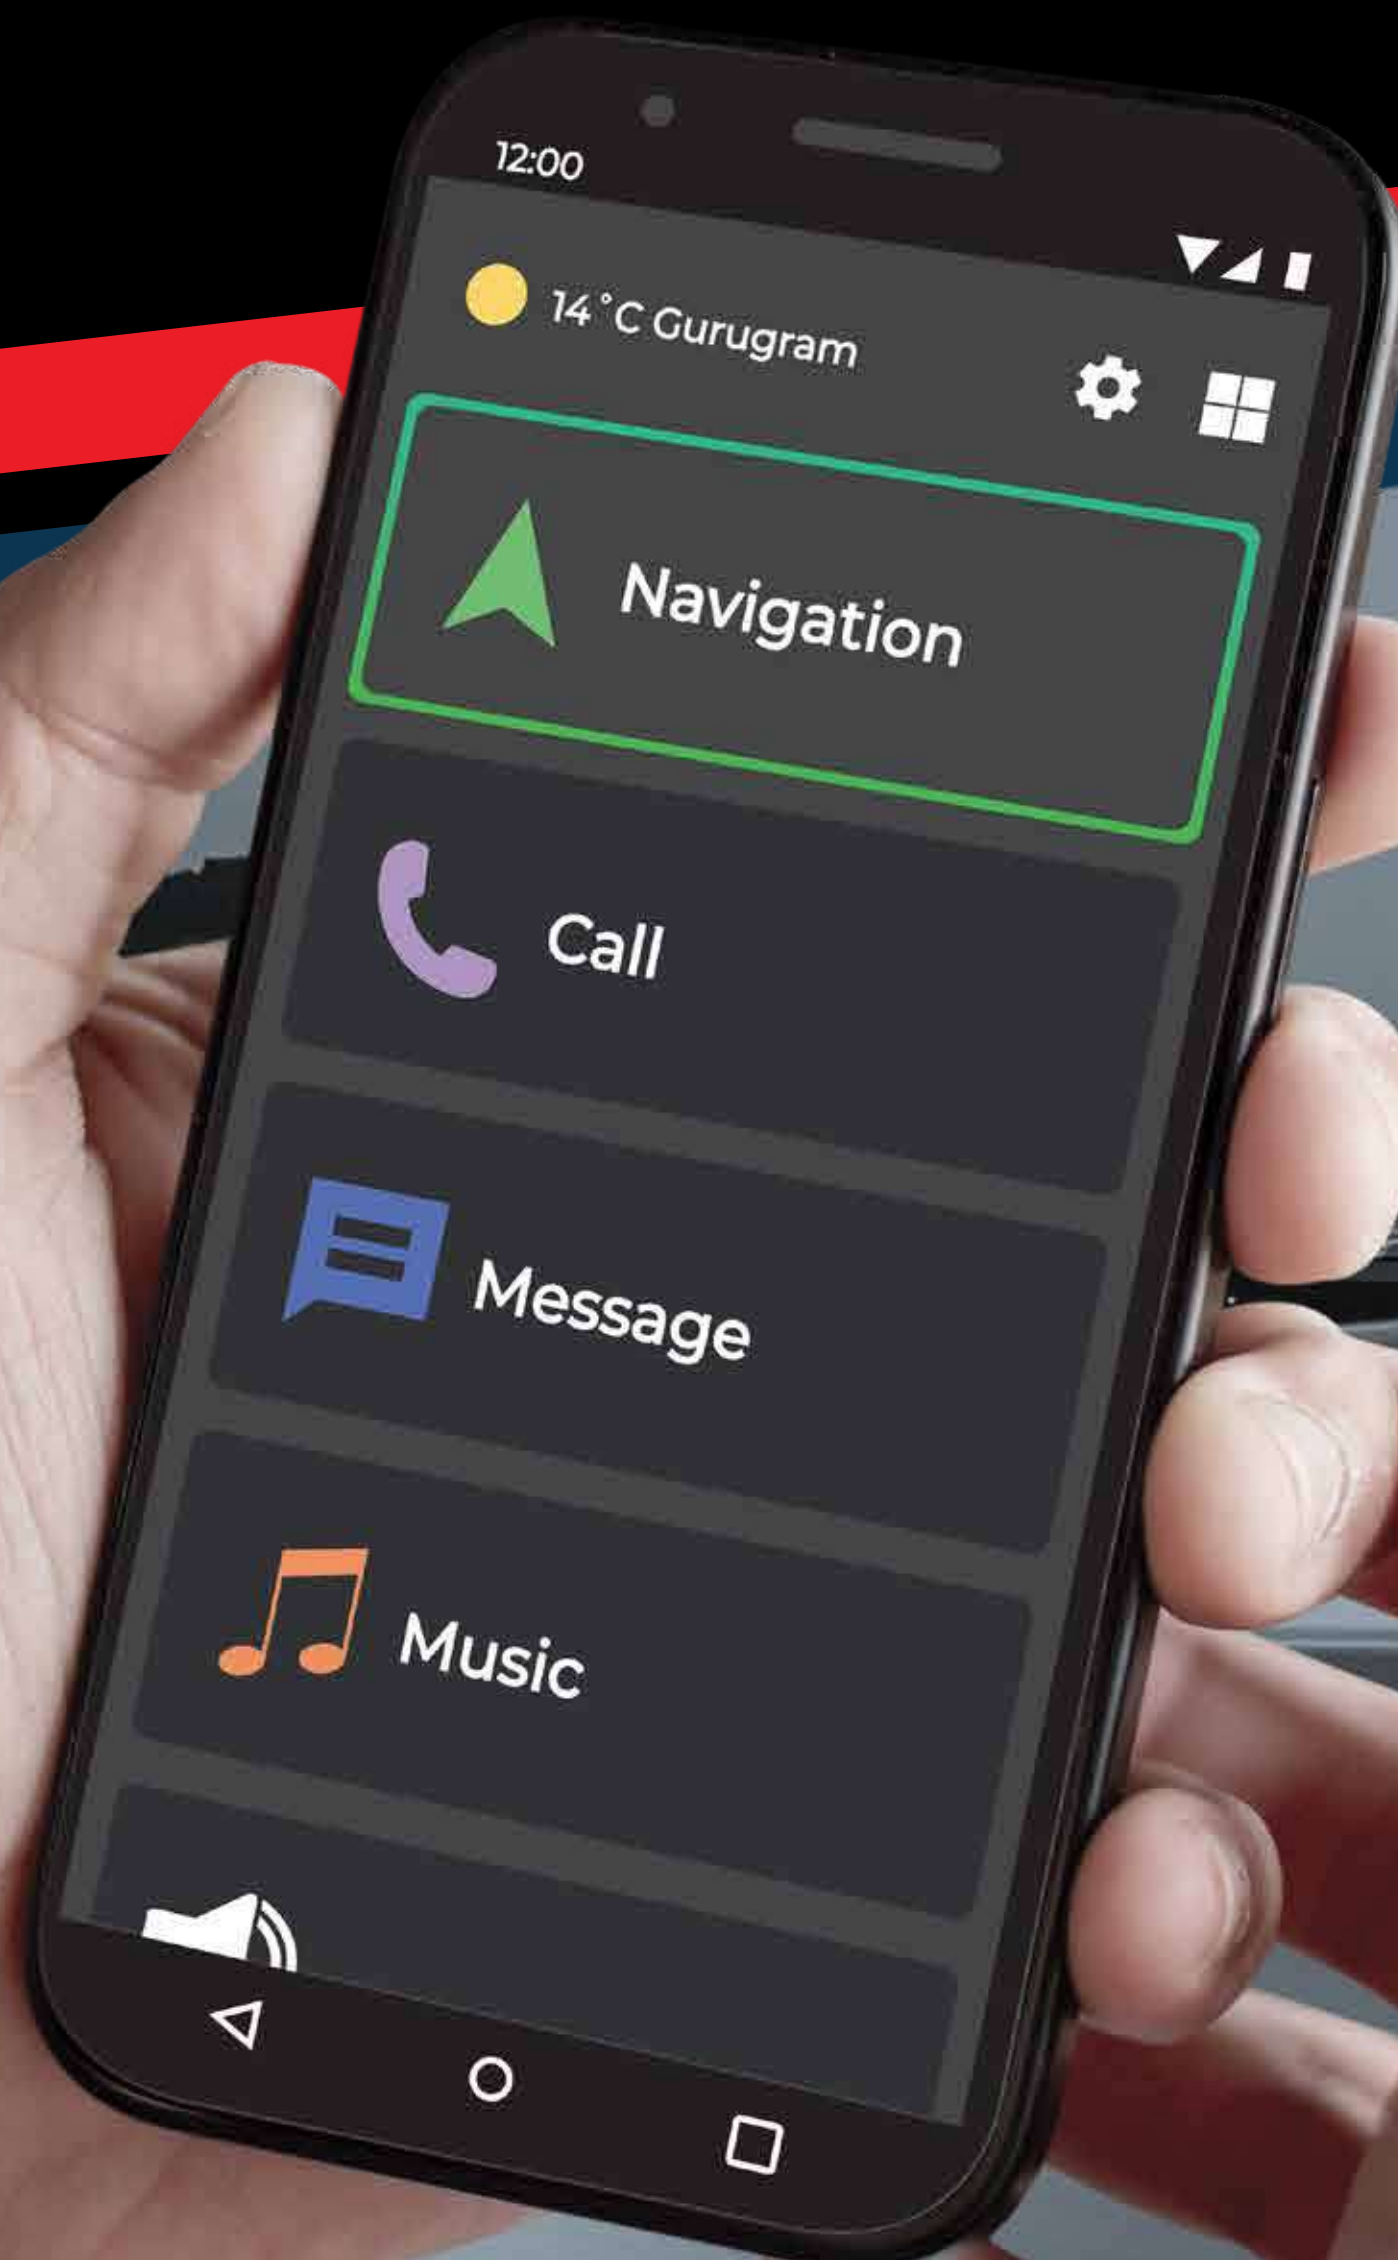

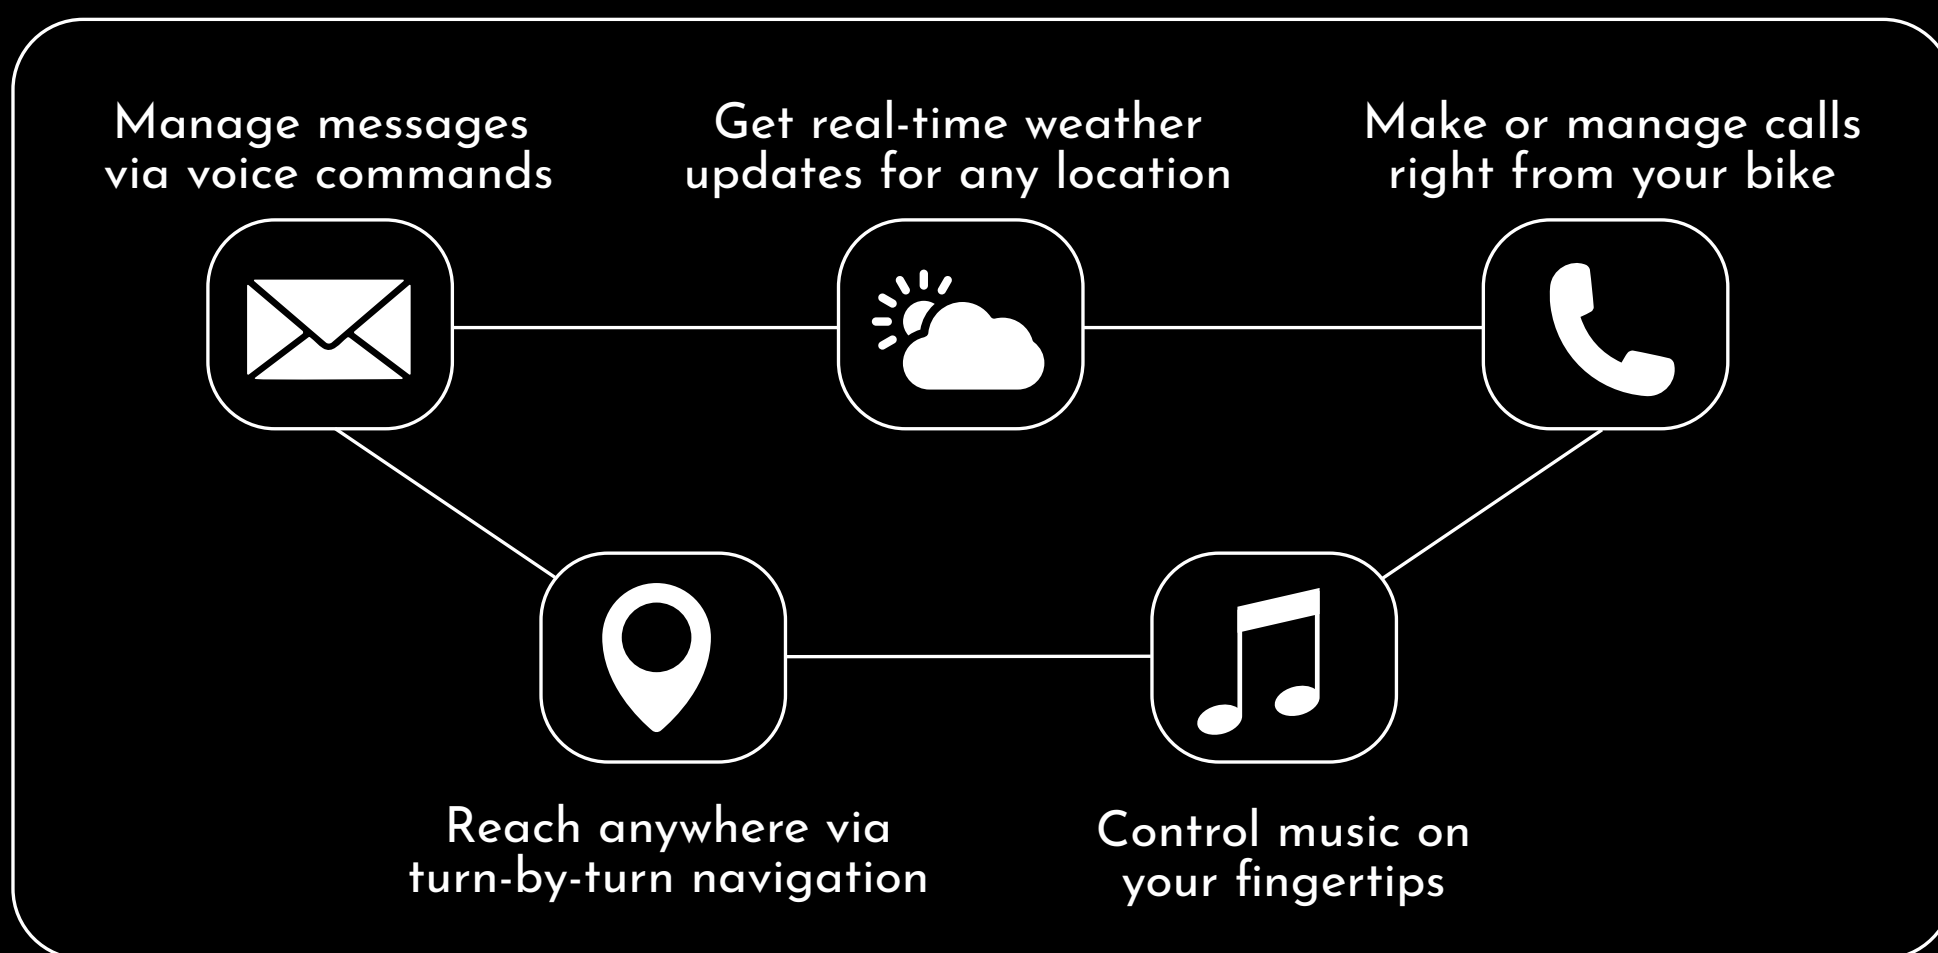

*The TFT screen displayed is of SP125.

Honda RoadSync

Stay connected to your ride with the Honda RoadSync App that enables you to manage messages via voice commands, get real-time weather updates, navigate your journey with turn-by-turn navigation, manage or make calls right from your Honda SP series bike and also control your music at your fingertips.

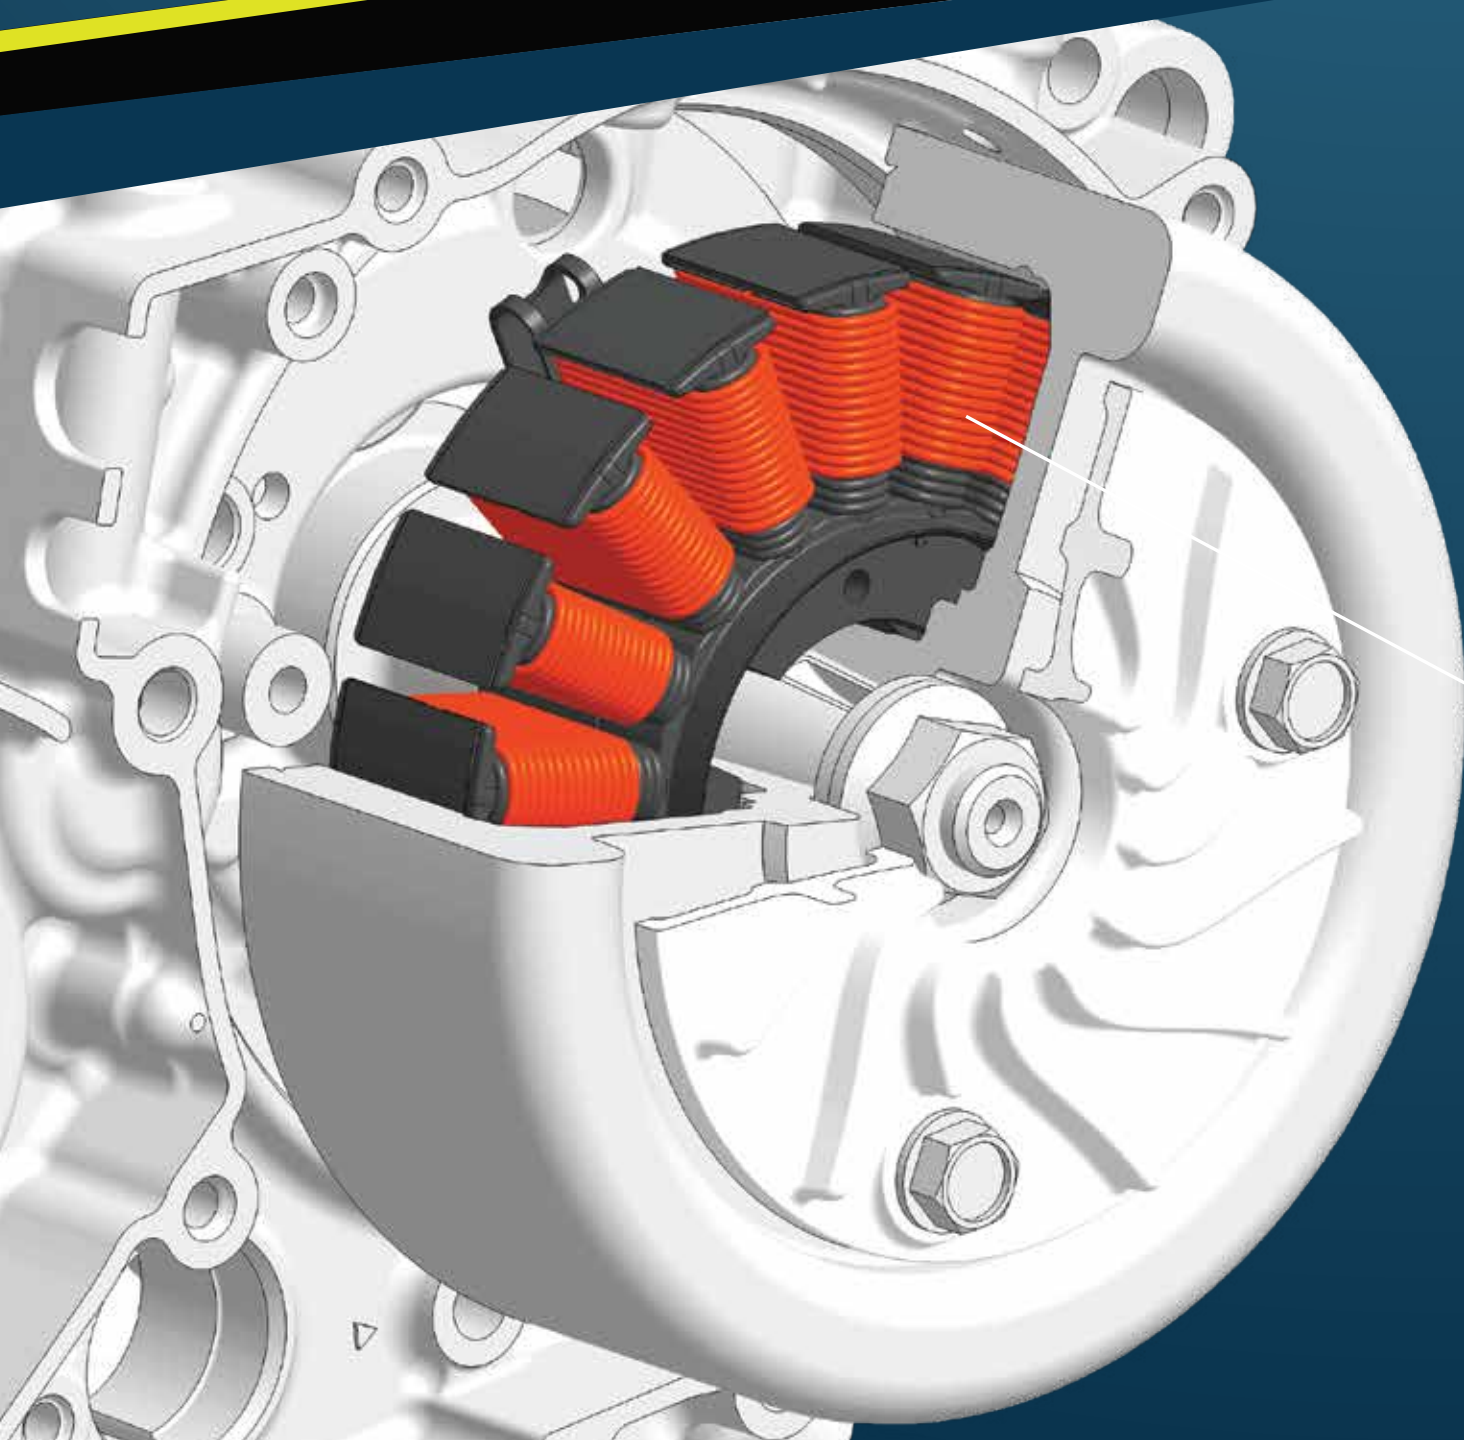

NEW IDLING STOP SYSTEM

Our beyond advanced New Idling Stop System in the SP125 automatically switches off the engine during brief stops, to boost fuel efficiency and make your ride through heavy traffic smooth as ever.

SMART POWER – ESP TECHNOLOGY

Expect nothing less than excellence with the SP125. Powered by Honda's Enhanced Smart Power (eSP) technology, it delivers superior performance and mileage by minimizing friction. The ACG starter, seamlessly integrated with eSP technology, ensures silent starts giving you a smoother, smarter ride every time.

SILENT START WITH ACG

Honda SP125's unique ACG starter motor eliminates gear meshing noise, ensuring a smooth, jolt-free engine start every time.

NEXT-GEN ENGINE

The Honda SP series engines are engineered for next-gen performance and sustainability. Both OBD2B compliant and E20-ready delivering unmatched power. SP160 supports up to 20% ethanol-blended fuel, contributing to a cleaner, greener environment without compromising on performance.

ADVANCED PGM-FI

The intelligent Fuel Injection System in the Honda SP series optimizes your ride by adjusting the air-fuel mix in real-time to give you a smoother

FRICTION REDUCTION

The piston cooling jet minimizes friction by maintaining optimal engine temperature, in your SP125 while the offset cylinder and rocker roller arm further enhance efficiency by reducing frictional losses, ensuring smoother performance and improved durability.

**ADVANCED
STYLE AND DESIGN**

NEW SHARP HEADLAMPS

Designed to make a statement, the Sharp LED DC Headlamp in the Honda SP Series offers constant illumination across all conditions and speeds. It's sporty design enhances visibility while adding a striking edge that redefines your style for a modern ride.

NEW STYLISH GRAPHICS

The SP125 comes with a new and advanced look with its stylish graphics designed to help you stand out and make a strong impression.

MUSCULAR TANK DESIGN

The muscular tank and sporty shrouds are designed to exude energy and domination. A definite way to have street presence.

SPORTY SPLIT ALLOY WHEELS

Make an instant impression with the striking 5-spoke split alloy wheels on your SP125, designed to stand out and elevate your ride's sporty, aggressive appeal.

SIGNATURE TAIL LAMP

Exude a dynamic rear stance with Signature Tail Lamp. A design so striking, it seamlessly integrates the iconic LED lamp, giving the bike a distinctive signature look, and enhanced design.

PREMIUM CHROME MUFFLER COVER

The stylish chrome muffler cover adds a touch of premium style, accentuating the bike's sporty and dynamic look.

PETAL DISC BRAKES

The petal-shaped disc brake comes with Anti-Lock Braking system (ABS) that gives your SP160 superior control and heightened steering ability when braking hard.

AERODYNAMIC UNDER COWL

SP160 boasts a high-tech aerodynamic under cowl that not only shields the engine from road bumps but also enhances the bike's aggressive, sporty appeal with its sleek design.

ADVANCED COMFORT & CONVENIENCE

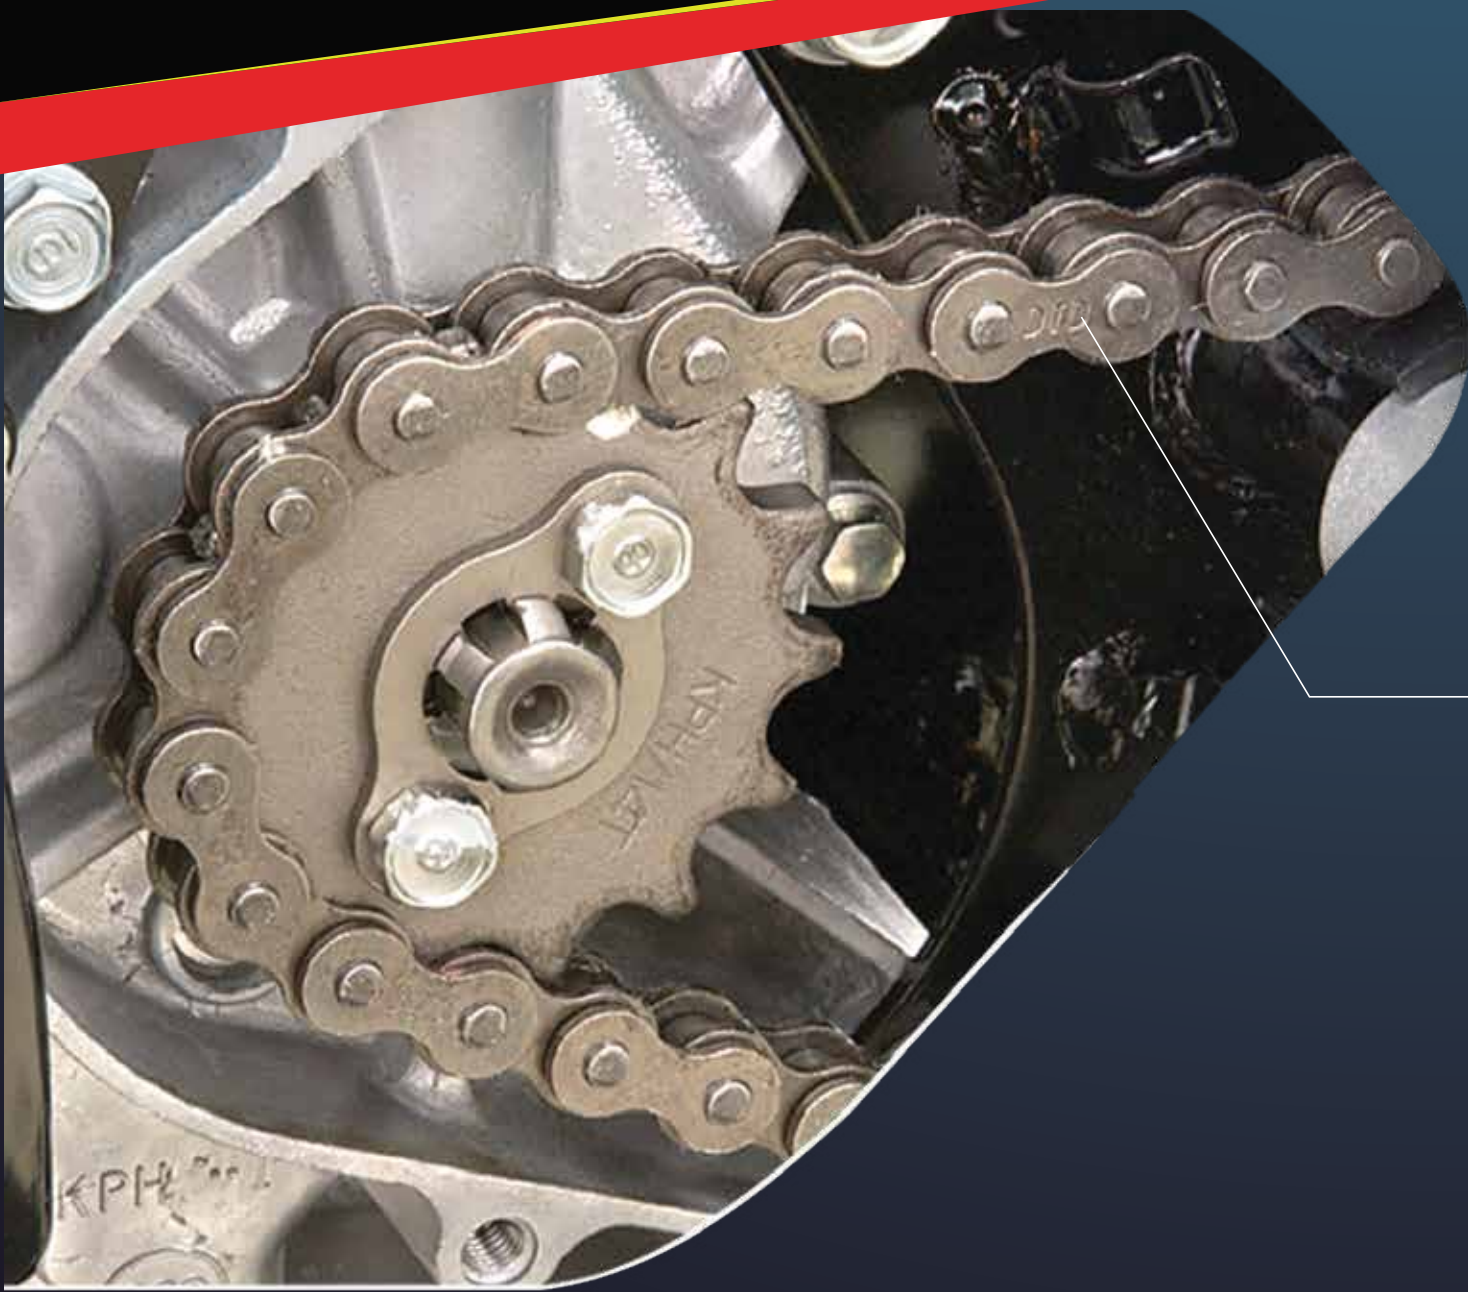

NEW 15W USB-C PORT

The Honda SP series features a built-in 15W USB-C type charger that allows you to quickly charge your smartphone, power bank and earphones on the go.

INTEGRATED HEADLAMP BEAM & PASSING SWITCH

Switch between passing signals and low/high beam with just a single switch on your SP125

SEAL CHAIN

The seal chain in the SP125 provides a hassle free driving experience and is also low on maintenance.

REAR MONOSHOCK SUSPENSION

The SP160 features a high-performance mono-shock absorber paired with a dynamic diamond frame, delivering exceptional comfort and enhanced stability for a smoother ride.

ENGINE STOP SWITCH

Turn off the engine and stop your SP160 anytime at the flick of a switch, conveniently.

LONG WHEEL BASE

The long wheelbase in the SP160 enhances stability, ensuring utmost comfort and a smoother riding experience.

LONG AND COMFORTABLE SEAT

Enjoy comfort as you ride your SP160. The long and comfortable seat allows you as well as your pillion to have a comfortable journey.

3+7 YEARS WARRANTY PACKAGE

*Enjoy complete peace of mind with 10-years of warranty package; including 3 years standard coverage and an optional 7-years service warranty.

SAFETY

SIDE STAND ENGINE CUT-OFF

For the rider's safety, the SP125 comes with a side stand engine feature that stops the ignition if the vehicle is put in gear when the side stand is engaged.

1 CH ABS

The ABS system in the SP160 provides greater control and prevents wheels from locking up during hard braking, especially in an emergency situation such as riding on slippery surfaces.

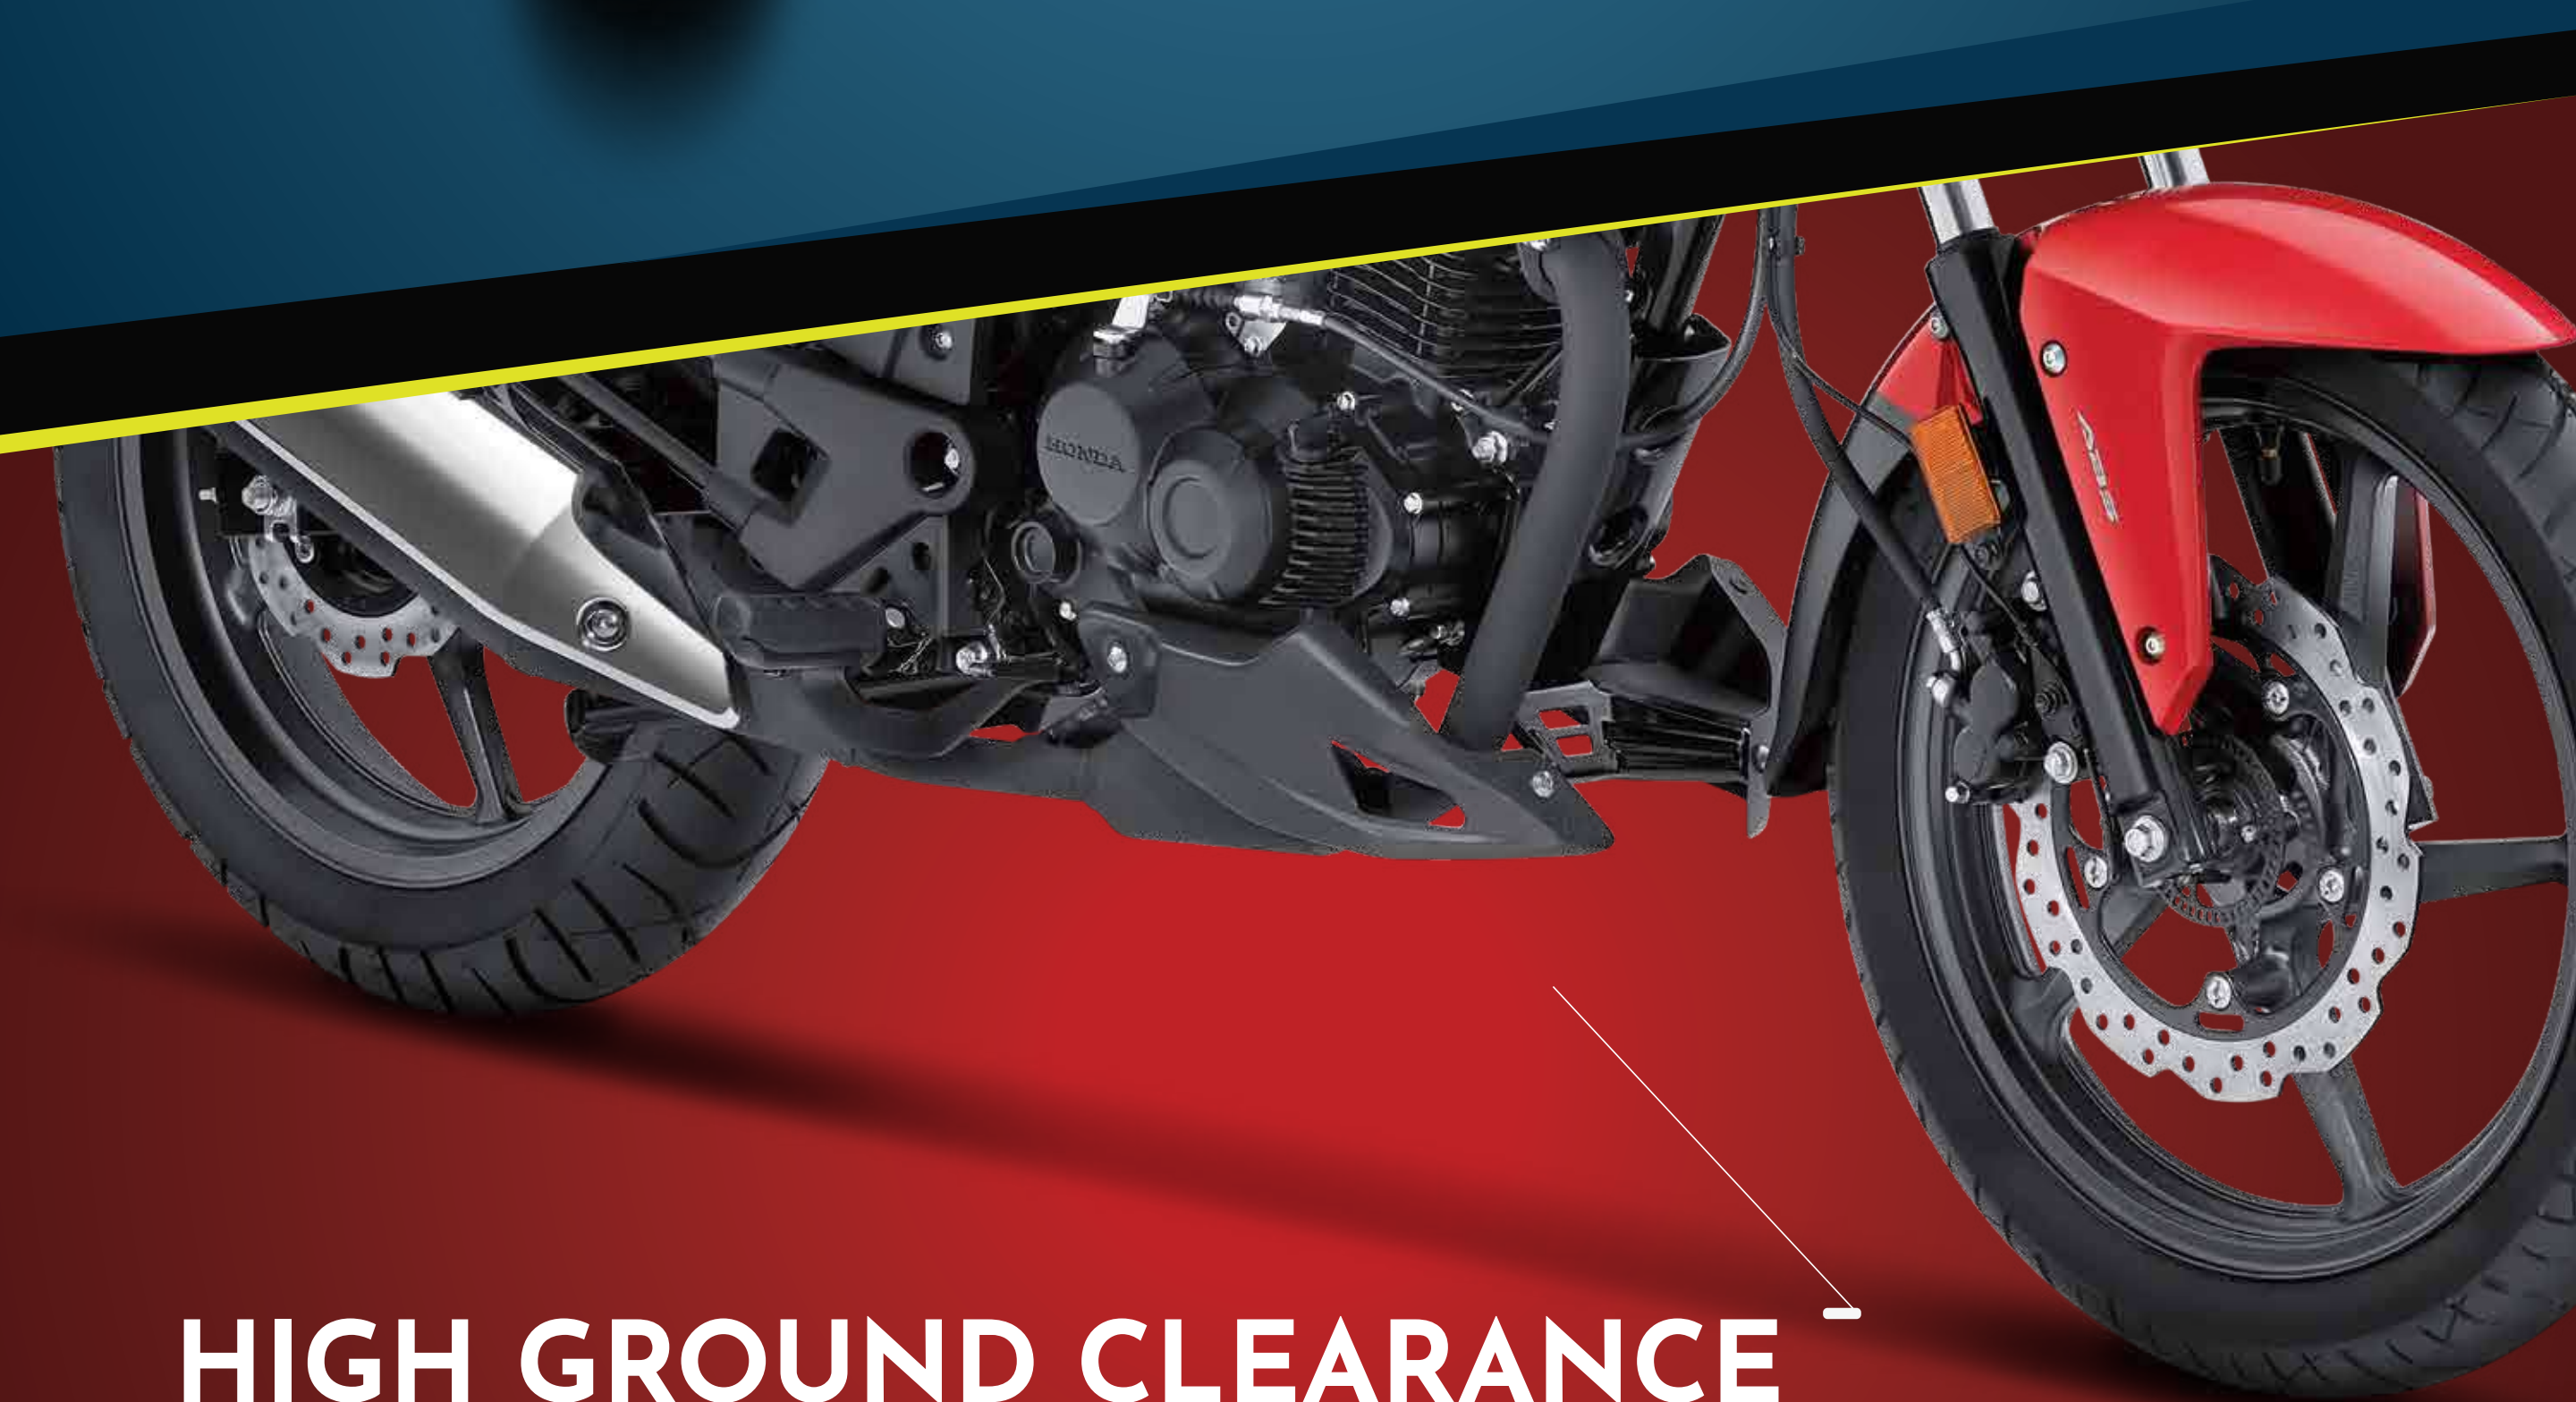

HAZARD SWITCH

Enhanced safety in your SP160 with a hazard switch. The indicator lights illuminate the path in areas with poor visibility and are helpful during emergency situations.

WIDER REAR TYRE

Beyond advanced traction with a wider rear tyre, ensuring your ride has a better grip for better braking and acceleration.

HIGH GROUND CLEARANCE

The high ground clearance in the SP160 secures your engine and protects the frame effortlessly riding uneven roads without a hitch.

5-STEP ADJUSTABLE REAR SUSPENSION

Adjustable rear suspension on the SP125 means every ride feels just right, smooth, stable, and built for comfort.
